

**INSTRUCTIONS FOR
200-Series™ Epoxy Primer 3-gallon unit
For Old & New Concrete/Cements, & Acid-Stained Concrete/Cements**

Follow standard instructions
(separate document),
BUT

You cannot pour “B” into “A” because of the bottle sizes. SO --

- ***POUR “B” and “A” into a new or clean 5-gallon bucket***
- ***STIR THOROUGHLY*** (you can stir or use a blade at very low speed)
- ***WAIT 20 minutes (15 minutes for Accelerated)***
- ***LIGHTLY STIR AGAIN*** and proceed with step 4. of standard instructions

SUBJECT TO JOB SITE CAUTIONS IN MSDS and to RJSC LIMITED WARRANTY.
